

Telescript's PTZMini

Telescript's PTZMini was designed for smaller PTZ cameras that require a prompter. With its small footprint this system fits in well with studios that have limited space. It can mount to a standard tripod or a C-Stand and the 15" Telescript IP monitor with NDI is a perfect pairing with NDI PTZ cameras.

FEATURES:

- Designed for smaller PTZ cameras
- Unique Fold & Go semi-rigid hood and mask
- Highbright monitor (1000nits) with NDI SDI, SDI Loop, HDMI, Composite, Composite Loop and VGA inputs
- Easy and quick assembly and breakdown
- NDI decodes full bandwidth NDI and NDI|HX
- Built-in Image Reverse built into the monitor
- Mounts to a standard tripod with our Quick Adapter (optional) or to a C-Stand with a Matthews adapter (optional)
- System Weight: 14lbs (6.3kg)
